

INPS Priority Plant Species

I. Historic* state-endangered plant species in Illinois

- *Adoxa moschatellina* – Searched for in 2023 but new information indicates other locations
- *Botrychium simplex* – Partially searched for in 2023 but more searches needed.
- *Carex physorhyncha*
- *Chimaphila umbellata* – Searched for in 2023
- *Circaea alpina*
- *Corydalis aurea*
- *Dichanthelium portoricense*
- *Equisetum scirpoides*
- *Justicia ovata*
- *Lycopodiella inundata* – Searched for in 2023
- *Lycopodium clavatum*
- *Phacelia gilioides*
- *Poa alsodes*
- *Potamogeton pulcher*
- *Rhamnus alnifolia* – Searched for in 2023 but more searches needed
- *Ribes hirtellum*
- *Scleria muehlenbergii* – Searched for in 2023 but more searches needed

*Historic is defined as: no populations observed within 20 or more years OR all populations which have been seen within 20 years have now been confirmed extirpated based on Illinois Natural Heritage Database Records.

II. Watch List of Non-Listed Species of Conservation Concern recommended by the Illinois Natural History Survey

- *Agalinis gattingeri*
- *Allium stellatum*
- *Berula erecta*

- *Brasenia schreberi*
- *Callirhoe triangulata*
- *Carex richardsonii*
- *Celastrus scandens*
- *Cirsium hillii*
- *Cryptogramma stelleri*
- *Dactylorhiza viridis*
- *Deschampsia cespitosa*
- *Echinacea simulata*
- *Eleocharis wolfii*
- *Equisetum variegatum*
- *Erythronium mesochoreum*
- *Eurybia schreberi*
- *Fimbristylis puberula*
- *Fraxinus nigra*
- *Geum triflorum*
- *Hasteola suaveolens*
- *Ludwigia sphaerocarpa*
- *Napaea dioica*
- *Phragmites australis* ssp. *americanus*
- *Polytaenia nuttallii*
- *Pulsatilla patens*
- *Rorippa aquatica*
- *Scirpus pedicellatus*
- *Silene nivea*
- *Spiranthes ochroleuca*

- *Spiranthes sheviakii*
- *Sympyotrichum parviceps*
- *Thuja occidentalis*
- *Tomanthera auriculata*
- *Uvularia floridana*
- *Valeriana edulis*
- *Veratrum woodii*
- *Zizania aquatica*
